

## Full Name: Natalie Pitts

Cell: +972-54-7769369 | Email: [nataliepittss@gmail.com](mailto:nataliepittss@gmail.com) | Address: Tel-Aviv, Israel

Portfolio: <https://nataliepitts.com/> | LinkedIn: <https://www.linkedin.com/in/natalie-pitts-a679271a0/>

### SUMMARY

- ♦ I'm looking for a position as a **Web Developer and Design** where I can use the analytical abilities and knowledge I've gained while earning a **B.A. in Data Science and Internet Technology, average of 93**. Looking for a dynamic, forward-thinking organization where my abilities may be used to their fullest potential.
- ♦ Motivated and open to learning, with outstanding interpersonal and communication skills, team-oriented, highly analytical, hardworking, and a self-learner.

### PROGRAMMING EXPERIENCE

- ♦ **Portfolio:** I built my own Portfolio from the scratch, **with special organic SEO strategy** that has present the site as the first result at Google just by writing my full name. Created with **React**. Website link: <https://nataliepitts.com/>
- ♦ **Global Glamping Israel:** Corporate Website, Created with **WordPress as well as SEO strategy at Google**. Website link: <https://globalglampingsolutions.com/>
- ♦ **Spot Your Recipes:** The app presents all of the most popular recipes from the All-Recipe website as part of Bar-final Ilan's project. A custom scraper and the **Collaborative Filtering** algorithm were used to import the data. A **ALS** algorithm also enables matrix computation and division. Created with: **Vue, Quasar, Node.js, Python, Spark Apache and MongoDB**.

### PROFESSIONAL KNOWLEDGE

**Programming Languages:** Python, React, Vue, Node.js, Angular, Java Script, C#, HTML, CSS and more.

**Databases:** MongoDB, MySQL, Redis and more.

**Others:** **Google Cloud Platform**, Linux, GIT, Design Patterns, Google Analytics, Excel ,Microsoft Office and more.
